VICTORIOUS.

MILLIONS

REPAID.

Morse Nearly Out

of Debt.

Convicted Banker Clears Off

Eighty Per Cent. of

Huge Total.

Confident of His Acquittal

When His Case Comes

Up Again.

Repeats Declaration That

He Was a "Scapegoat"

of Roosevelt's.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 2.—[Exclusive

Dispatch.] Charles W. Morse has

made \$7,500,000 since he was

released from the Tombs on June 17,

cancelling all his indebtedness except

\$600,000, which he expects to clear

away in a short time.

For the first time since his conviction

for violation of the national banking

laws he has discussed his case with

great freedom today.

"Martin J. Lister, my counsel,

tells me that my chances of acquittal

are ninety-nine out of a hundred," he

said, "and from that I may be judged

the feeling with which I face the future

proceeding."

Then he went into the motives and

causes underlying his indictment,

crediting it to Theodore Roosevelt's de-

sire to find a suitable "scapegoat" for

the public of 1907, and his after effects

in which Morse's fortune of \$22,500,000

was swept away.

"Your friends," Mr. Morse was told,

"say you have raised between \$7,500,

000 and \$8,000,000 since your release and

that you have repaid this to your in-

debtedors. Is that so?"

"I am not sure, but I believe so,"

he said. "I have cleared off 80 per cent.

of my debts."

"Is there an error in the general

estimate?"

"That is substantially the sum in-

voled," he said reluctantly.

From the records of the Morse case

it is known that seven judgments were

entered against him, and that he had

four "open accounts," when trouble

overtook him. Of these there remains

one "open account" and the interests

to which this is due are willing to

await Morse's leisure.

"I am going to tell how I have

made the money—and where—during

the present summer," said Mr. Morse.

"In fact, it is too early to go into any

detail at all. The score is not yet

at the top of the world.

DR. COOK'S CONQUEST

OF THE NORTH POLE.

SYNOPSIS OF THE

CHAPTERS PRINTED.

In the first installment of his thrilling story

"The Conquest of the Pole," printed in the

New York Herald and the Los Angeles Times

of Wednesday, September 22, Dr. Frederick

A. Cook told of the start from Gloucester

of the voyage to the pole, the

equipment, the start of the expedition, the

struggle for life, the discovery of the

ice, the discovery of the

ice, the discovery of the

ice, the discovery of the

ice, the discovery of the

ice, the discovery of the

ice, the discovery of the

ice, the discovery of the

ice, the discovery of the

PRIZE FOR VANQUISHED.

STORK IS

VICTOR.

Wins in Race With

Crown Prince.

Fate, Fog and a Balking Auto

Too Much for Future

Kaiser.

He Reaches Home After

Night of Vain Effort,

Hours Late.

Met With the Announcement

That Mother and Child

"Doing Well."

(BY DIRECT WIRE TO THE TIMES.)

BERLIN, Oct. 2.—[Exclusive

Dispatch.] All Germany is smiling

sympathetically over the futile ef-

forts made by the Crown Prince Fred-

erick to beat the stork to the bedside

of his Princess, who, on the night of

September 26, gave him a son.

From the Pomeranian forests, where

the future War Lord of Germany was

hunting when the news of the coming

event reached him, to the royal castle

on the Rhine, where he makes his un-

official home, the next Kaiser hurried

as fast as fate and his big touring

automobile would let him. But his ef-

forts were in vain. Fate was against

him. One mishap after another over-

took him on his way, and he arrived

at the palace five hours after the com-

ing of a son.

The future ruler of the Empire was

near his hunting lodge in the dense

forest, especially preserved for royal

sport, had just killed a stag, when the

tidings of the condition of his

princess reached him by courier.

Without a moment's delay, and leav-

ing his hunting party to continue the

chase, the Prince hastened to the

palace, where he found the

princess and her mother, the Kaiser's

mother, waiting for him.

"The prince was on his way,"

the Kaiser's mother said.

"He would have won the race but for

the intervention of fate. His ma-

chine had not gone far over the forest

when there was a break in the

steady chugging of the machine, and

the auto came to a sudden halt. His

chauffeur clambered out of the ma-

chine and went to work on the vitals

of the car, while the Prince showed

the most unroyal impatience.

When at last the automobile did

start up again, it ran for a short time

only, a rough shaking-up on a bit of

bad road proving too much for its

patched-up chassis. Once more it</

DIRT DELVERS END CONGRESS.

Uncle Sam Asked to Block
Water Power Grabs.

Los Angeles Delegation Is
After Next Session.

Spokane Also Wants to En-
tertain Miners.

[ASSOCIATED PRESS NIGHT REPORT.]
GOLDFIELD (Nev.), Oct. 2.—The American Mining Congress closed its twelfth session here at noon today, after adopting a resolution calling upon the national government to legislate against perpetual franchises for water power or water rights in Western States, and urging that similar State legislation be passed without waiting for Congressional action.

The apex law under which the discovery of a mineral vein or vein ore follows it outside the lines of its claim was another object of discussion, and its repeal, with the substitution of a law making the side lines of a claim its limits when continued downward vertically, was urged.

Will-at mining schemes were placed under the ban by the congress, which urged State and national legislation to prevent the operators of such schemes from diverting money of investors that might otherwise be used in developing legitimate properties. J. H. Richards of Boise, Idaho, the retiring president of the Congress, was given a handsome silver service by the delegates.

Los Angeles and Spokane have developed a lively rivalry for the next session of the congress. This question will be decided by the Executive Committee.

ON BURGLARS' TRAIL.
HERRINGTON ROBERT.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 2.—The three burglars who broke into the home of Dr. William M. Herrington early yesterday, bound and gagged the doctor, his wife and a servant, and robbed the place of \$1000 worth of valuables, are still at large, but the detectives say that they have obtained good descriptions of two of them and expect soon to capture them.

Mrs. Ethel Price, the domestic, who, although one of the victims, was held in custody pending a full statement of her knowledge of the case, has been released, the officers expressing themselves as satisfied with her statement that she had nothing to do with the robbery.

It developed during the inquiry into the affair that the burglars were quite sure in their movements, clearing freely while looting the house, and one of them even giving a bottle of wine to Mrs. Herrington's baby to keep it quiet. Another said that he would not have engaged in the affair had he known that he and Dr. Herrington were members of the same secret order.

FRAUD CHARGED.
INSURANCE MEN UNDER FIRE.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 2.—Insurance Commissioner F. Myron Wolf today began an examination into the methods of business pursued by M. L. Wright and E. H. Hilliker, respectively president and general agent of the California Mutual Life Insurance Company. The officials appeared before the commissioner to show why their license should not be revoked.

Wright and Hilliker, through their attorneys, objected to the commissioner conducting the examination, claiming the citation charges of fraud and unlawful acts was not specific. The books of the company will remain in the safe deposit vaults of the Crocker Bank until late this morning, when the hearing will be resumed.

The insurance company has offices in Oakland and Los Angeles.

SON'S DEATH CRAZES FATHER.
Portland Man Who Saw Child Killed
by Car Wanders Away from Home.

[BY DIRECT WIRE TO THE TIMES.]
PORTLAND, Oct. 2.—[Exclusive Dispatch.] Brooding over the death of his two-year-old son who was run over and killed by a street car September 1, Z. W. Hunt has been missing from his home, No. 533 Market street, for the past forty-eight hours. It is feared he has become temporarily deranged and has wandered away.

The child was killed by the street car before the eyes of the young father who reached the scene just too late to save him. He tried to work but could not, and returned home to talk about his favorite child, who had met such a tragic death.

At times he would talk frantically and incoherently, and would scarcely sleep at nights. When he would finally doze off for a few minutes he would awaken with a start and call for his dead child.

FATAL DRINK.
WILLIAMS, Oct. 2.—[Exclusive Dispatch.] Henry McGuire, an employee of the Logan ranch at Norman, swallowed carbolic acid last night and died twenty minutes later in fearful agony. Anderson Logan is sick and under care of a physician and nurse. The alcohol and carbolic acid had been used about the house and the sick room. McGuire had been drinking freely and had been seen to help himself to alcohol, drinking it from the bottle. Thursday evening he thought he saw a chance for another drink out of the alcohol bottle, and he hurriedly gulped down a large swallow. It proved to be carbolic acid.

DOCTORS DELINQUENT.
Federal Government Wants to Know
if California Has Contracted Race
Suicide Habit.

[BY DIRECT WIRE TO THE TIMES.]
SACRAMENTO, Oct. 2.—[Exclusive Dispatch.] T. C. Wilbur, chief statistician of the Federal government at Washington, wants to know whether California has contracted the race suicide habit, or is simply negligent in caring for its race. And this is the first time that possibly the doctor in California are careless about reporting new arrivals in the families under their care. And this is the first time that the State Board of Health.

LONG LIFE IN ASYLUM.

First Woman Committed in State
Dies After Fifty-five
Years.

[BY DIRECT WIRE TO THE TIMES.]
STOCKTON, Oct. 2.—[Exclusive Dispatch.] Mrs. Heather H. Sterling, the first woman in California to be committed to an insane asylum and the oldest patient in the local State Hospital, died today after being in the institution over fifty-five years. She was committed from San Francisco, April 30, 1854, and while it is not definitely known it is believed here that she was between 85 and 100 years old.

At the time she was brought here the asylum was not much larger than a wood shed and work had been commenced on what is now the female department of the large State buildings. Since she was committed, 18,396 patients, one-third of which were women, have been sent to the Stockton Asylum.

The first man committed to this asylum also passed away this year at the age of 85. He was a Chinaman known as "Crop-eared Pete," and was brought to the Stockton institution in 1853.

Secretary Snow was instructed today to get after the medics with a sharp stick. There is a law and a penalty against such carelessness and the board intends that it shall be enforced hereafter.

STILL FIGHTING.
DIPLOMAT'S SON
JAILED AGAIN.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 2.—Moyes Do Amaral, son of a Portuguese diplomat, who was tried and convicted of murder committed in the Azores Islands, the trial being conducted with a proxy as principal, was released from Federal prison today, and immediately re-arrested by Immigration Inspector de la Torre, on a charge of being an "alien criminal" illegally residing in this country.

The unique case, which has puzzled the government officials for three months, was called for hearing today before United States Commissioner Heacock. Had counsel for the Portuguese Consul produced extradition papers, Do Amaral would have been deported at once to suffer the consequences of his alleged crime. His would have been the first extradition under the new treaty between Portugal and the United States. But the prisoner's influential father is said to have blocked the attempt to procure the necessary document.

Do Amaral, while acting as a book-keeper in the island possessions of his government, it is alleged, killed a man when found in company with his wife. He fled to England, thence to this country, and will resist the effort to send him home, on the ground that he has been in America for three years.

ROWS WITH NAMEAKE.
Arizona and Nevada Mining Companies
Dispute Over Ownership of
Stock in Mexican Property.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 2.—An injunction was obtained today from Judge Canablis by the Cienegueta Copper Mining Company of Nevada against an Arizona corporation of the same name, preventing the latter from cancelling certain stock which the company alleges it owns. The property involved consists of 800 mining claims located several years ago in Sonora, Mex., by a Mexican company, all of the stock of which, prior to December 1, 1905, was owned by the Arizona corporation.

According to the complaint, the Nevada corporation was then organized to free the Arizona company from debt and assist in developing the properties. It is now charged that the Arizona corporation is attempting to defraud its Nevada namesake by repudiating the contract then made and refusing to recognize the Nevada company's alleged holding of 1000 shares of stock of the original Mexican corporation.

READY FOR SUMMING UP.
Supplemental Testimony in Spokane
Rate Case All in and Argument
Will Begin Tomorrow.

[ASSOCIATED PRESS NIGHT REPORT.]
SPOKANE (Wash.), Oct. 2.—All the supplemental testimony presented by Spokane jobbers in the Spokane rate case, is in and the railroads have completed their introduction of counter-testimony in refutation of the claims of Spokane jobbers.

On Monday the argument will be begun before the entire membership of the Interstate Commerce Commission, who are due to arrive here tomorrow.

The supplemental testimony has been heard by Commissioner Prosser. This morning he stated the commission's decision would not be limited to the prayer of jobbers in Spokane, but would be general, and that justice would be meted out unconditionally.

The defense entered nine exhibits today, consisting of elaborate tables to show that if the proposed railroad tariffs are introduced the loss of revenue to the Northern Pacific alone will be \$252,445.60.

FLATS NOT FOR BABIES.
Portland Landlord Finds His Plan to
House Children Will Not
Work.

[BY DIRECT WIRE TO THE TIMES.]
PORTLAND, Oct. 2.—[Exclusive Dispatch.] Apartment houses in which children are permitted, have been considered a necessity in Portland, and in order to fill "a long-felt want" W. L. Morgan erected the "Roosevelt Apartments" some time ago. Since since discovered that an apartment-house for families with children can never become popular, and now the Roosevelt is entirely occupied by adults.

"Families with children will not move into a building where there are other children," Mr. Morgan said. "Each family thinks its own children are all right, but that the other families of children under one roof in things uncomfortable for the party of the first part."

"Other property owners have tried the experiment of housing several families of children under one roof in Portland, and the result has proved always the same. The other children are quarrelsome, and the apartment-houses are exceptionally good-natured and quiet. The cottage, therefore, is the only satisfactory dwelling for the family of young children."

RESIST EXTRADITION.
MAYBART GAND ARRESTED.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Oct. 2.—Frank Brown, E. C. Moore and Russell B. Herriman, alleged members of the notorious group of swindlers, of which James C. Maybart was the chief, were brought to this city from San Jose, where they were arrested and committed to the County Jail today. There they will be held until extradition papers arrive from Iowa, where they are wanted on several charges of swindling. It is estimated by the Federal authorities that within the last few years the Maybart syndicate has fleeced rich victims of a half-million dollars by means of "fake" races, boxing matches and wrestling bouts. "The prisoners have engaged counsel and will resist extradition."

END OF LONG CHASE.
MURDER SUSPECT CAUGHT.

[ASSOCIATED PRESS NIGHT REPORT.]
SPOKANE, Oct. 2.—After hiding for three years, with a reward of \$3000 offered for his capture, Grat M. Walk, wanted at Bristol, Tenn., for murder, is on his way home to face the judge. Walk was captured at Halleck, Wash., yesterday by Detective Edward Kern, who had been trailing him through this State since last spring.

SUFFRAGISTS CLOSE WITH STORMY POLITICAL SCENES.

[ASSOCIATED PRESS NIGHT REPORT.]

STOCKTON, Oct. 2.—For a time today the closing session of the suffrage convention was much like a man's political fight, with delegates in an uproar while disputing over the candidacy of their friends. The election of officers was quiet and without incident until the fifth place was to be filled. When Mrs. Heather Harland of Berkeley was nominated for corresponding secretary some of the ladies protested that she was not the woman for the place and for a time the president could not maintain order, so many were talking.

Words were spoken that were later regretted and when Mrs. Lillian Harris Coffin pleaded for the elimination of bitterness the wrangling was over, but the opposition to Mrs. Harland placed the name of Mrs. Francesca Pierce of San Francisco in the contest and she won by a vote of 25 to 15 for Mrs. Harland.

Mrs. Mary McHenry Keith of Berkeley and Mrs. L. N. Chapman were candidates for president last night, but when some of the suffragists insisted on running aged Mrs. Mary Sperry to succeed herself, the two aspirants named withdrew from the race. Mrs. Sperry, who is 70 years old, defeated Mrs. Sperry by five votes. Mrs. Lillian Harris Coffin contested with Mrs. Sperry for the first vice-presidency, winning by a vote of 25 to 20.

The feature of the afternoon session was occasioned by the introduction of

a resolution which had for its purpose the endorsement of the Woman's League of Justice of San Francisco. Opposition to it was bitter. Mrs. Lillian Harris Coffin objected to its adoption on the ground that it savored of politics and action on it was decided not within the province of the association.

Mrs. John Snooks, president of the League of Justice of Berkeley favored its adoption. Both leaders gained followers and much bitterness was injected into the discussion.

The opposition succeeded in having the resolution laid on the table. As President Mrs. Mary Simpson Sperry announced the order, Mrs. Snooks tore her badge from her bosom, handed it to a near-by delegate and left the hall in disgust.

The officers elected are: President—Mrs. Elizabeth Love Watson of Santa Clara county. First vice-president—Mrs. Lillian Harris Coffin, San Francisco. Second vice-president—Mrs. Mary McHenry Keith of Berkeley. Third vice-president—Dr. Minerva Goodman of Stockton. Recording secretary—Mrs. L. W. Taylor of San Jose.

The incoming secretary—Mrs. Francesca Pierce, San Francisco. Treasurer—Mrs. Mary T. Gammage of San Francisco. First auditor—Mrs. Helen Moor of San Francisco. Second auditor—Mrs. Alice L. Park of San Francisco.

Honorary presidents—Mrs. Mary Simpson Sperry of San Francisco and Mrs. John Swift of San Francisco.

WRIGHT'S FLIGHT.
(Continued from First Page.)

the starting point to the greatest altitude. "Immediately after rising, I set the rudder at the maximum and kept climbing steadily for fifteen minutes, until the field and adjacent country reminded me of the picture I had seen in Zeppelin's airship, only the grounds seemed smaller.

"The descent I made in five minutes. I came down at a speed simply terrific. The whole machine shook as it rushed through the air, but my sensations were just the same as in lower altitudes. The air was no colder and the wind resistance was no greater."

With regard to his passenger, the Crown Prince, Mr. Wright said: "The Prince did not say much more than 'fine' during the flight, but I was able to read his impressions from his face. I never took up a passenger who looked so pleased. He just smiled when we started and he kept smiling all along. I felt a great responsibility in having the future German Emperor as a passenger. Most of the time, although the machine, but any little irregularity might cause the people anxiety. I stayed low at first, but the Prince kept urging me to go higher."

GOOD WORD FOR WORKERS.
Heir to Millions in Railway Shops
Finds Fellow-Artisans Are
Princes.

[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, Oct. 2.—James Watson Webb, son of W. Seward Webb and grandson of the late William H. Vanderbilt, who is looked upon as the probable heir to many millions of dollars, is spending his vacation here after a year of hard labor in the shops of the Chicago and Northwestern Railway at Milwaukee.

"The men in the shops with whom I have been working," said young Webb, "are princes. They did not know who I was and they took me right in for my own sake and were willing to work for me in a week. Just as men to men they have no superior."

Elevator Falls on Workman.
SAN FRANCISCO, Oct. 2.—George Stewart, an electrician, employed on a building in course of construction at Sixth and Market streets, was killed today when an elevator fell upon him.

Santa Cruz for Progress.
SANTA CRUZ, Oct. 2.—Citizens of this city have petitioned the City Council to issue bonds to the amount of \$200,000 for municipal improvements, to include a new water system, or water mains, an extension of the sewer system, the building of two or more large bridges across the San Lorenzo River, the laying out of parks, and street work.

Ernest Lister Nominated.
OLYMPIA, Oct. 2.—The Democratic convention of the Second Washington District nominated Ernest Lister of Tacoma today to succeed the late Congressman Francis W. Cushman.

Parade for Sunday-schools.
SPOKANE, Oct. 2.—Marching to familiar gong tones, 10,000 boys and girls paraded through the principal streets of Spokane today. They represented the Sunday-schools of Spokane, the demonstration being the beginning of a campaign to center interest in this work. Bands and decorated floats, with a procession two miles long, proceeded to the Taft park. Monroe and Riverside, where it was addressed by Mayor Pratt.

Le La Cruz, So La Cruz, under Mining, page 12, Part IV.

Eisner Tailoring

The Choice of the Well Dressed Man

The EISNER system of tailoring insures clothes perfection—clothes satisfaction. If you once wear an EISNER suit you will marvel at its grace of line, its perfect fit, its comfort, its all-around excellence.

EISNER suits are different suits—built on lines of striking individuality, yet possessing that quiet elegance and dignity that the well dressed man must have.

If you are interested in good clothes we want you to come in and see the Fall and Winter line of imported fabrics. You can choose from the products of the world's greatest mills—Scotch chevots, Irish and Bannockburn Tweeds, West of England serges and novelty suitings. And these fabrics are exclusive in pattern; you will find them in no other store in the West.

EISNER garments cost no more than ordinary tailoring. We will make you a perfect suit or overcoat from \$25 to \$50. We want you to prove us yourself—come and be measured tomorrow.

407-409-411
South
Spring St.
Angelus
Building.

periors on earth. Their word is their bond.

"The standard of morality among workmen is just as high as in other classes. The life of the workman is sane, the kind every man ought to lead. The laboring man is not lacking in brains, only in an opportunity to develop."

LIQUOR CONTRABAND.
MUSKOGEE (Okla.) Oct. 2.—At a conference between C. L. Jackson, Kansas and Texas Railroad, and County Attorney Crump today, it was agreed that this road would no longer protect interstate liquor shipments from seizure by Oklahoma laws. The local officials state they will now search cars and open and confiscate all liquors consigned to Muskogee.

DIRT DELVERS END CONGRESS.

Uncle Sam Asked to Block Water Power Grabs.

Los Angeles Delegation Is After Next Session.

Spokane Also Wants to Entertain Miners.

(ASSOCIATED PRESS NIGHT REPORT.)

GOLDFIELD (Nev.) Oct. 2.—The American Mining Congress closed its twelfth session here at noon today, after adopting a resolution calling upon the national government to legislate against perpetual franchises for water power and water rights in Western states, and urging that similar State legislation be passed without waiting for Congressional action.

The apex law under which the discoverer of a mineral lode or vein can follow it outside the lode of his claim was another object of discussion, and its repeal, with the substitution of a law making the side lines of a claim its limits when continued downward vertically, was urged.

Will-at mining schemes were placed under the ban by the congress, which urged State and national legislation to prevent the operators of such schemes from diverting money of investors that might otherwise be used in developing legitimate properties. J. H. Richards of Boise, Idaho, the retiring president of the Congress, was given a handsome silver service by the delegates.

Los Angeles and Spokane have developed a lively rivalry for the next session of the congress. This question will be decided by the Executive Committee.

ON BURGLARS' TRAIL. HERRINGTON ROBBERY.

(ASSOCIATED PRESS DAY REPORT.)

Three burglars who broke into the home of Dr. William M. Herrington yesterday, bound and gagged the doctor, his wife and a servant, and robbed the place of \$2000 worth of valuables, are still at large, but the detectives say that they have obtained good descriptions of two of them and expect soon to capture them.

Mrs. Elsie Price, the domestic, who, although one of the victims, was held in custody pending a full statement of her knowledge of the case, has been released, the officers expressing themselves as satisfied with her statement that she had nothing to do with the robbery.

It developed during the inquiry into the affair that the burglars were quite sure in their movements, clearing the freely while looting the house, and one of them even giving a bottle of wine to Mrs. Herrington's baby to keep it quiet. Another said that he would not have engaged in the affair had he known that he and Dr. Herrington were members of the same secret order.

FRAUD CHARGED. INSURANCE MEN UNDER FIRE.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Oct. 2.—Insurance Commissioner F. Myron Wolf today began an examination into the methods of business pursued by M. L. Wright and E. H. Hillicker, respectively president and general agent of the California Mutual Life Stock Insurance Company, an official appearance before the commissioner to show why their license should not be revoked.

Wright and Hillicker, through their attorneys, objected to the commissioner conducting the examination, claiming the citation charge of fraud and unlawful acts was not specific. The books of the company still remain in the safe deposit vaults of the Crocker National Bank until Monday morning, when they will be turned over to the insurance company's office in Oakland and Los Angeles.

SON'S DEATH CRAZES FATHER.

Portland Man Who Saw Child Killed by Car Wanders Away from Home.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, Oct. 2.—[Exclusive Dispatch.] Brooding over the death of his two-year-old son who was run over and killed by a street car September 1, W. H. Hunt has been missing from his home, No. 123 Market street, for the past forty-eight hours. It is feared his has become temporarily deranged and has wandered away.

The child was killed by the street car when he was on the sidewalk, and when he reached the scene just too late to save him. He tried to work but could not, and returned home to talk about his favorite child, who had met such a tragic death.

At times he would talk frantically and incoherently. He would scarcely sleep at nights. When he would find some food for a few minutes he would wake with a start and call for his dead child.

FATAL DRINK. ACID IN ALCOHOL.

(BY DIRECT WIRE TO THE TIMES.)

WILLOW, Oct. 2.—[Exclusive Dispatch.] Henry McGuire, an employee of the Logan ranch at Norman, swallowed hydrochloric acid last night and died twenty minutes later in fearful agony. Anson Logan is sick and under care of a physician and nurse. The alcohol and carbolic acid had been used about the house and the sick room. McGuire had been drinking freely and had been seen to help himself to alcohol, drinking it from the bottle. Thursday morning he thought he saw a chair and another drink out of the alcohol bottle, and he hurriedly gulped down a large swallow. It proved to be carbolic acid.

DOCTORS DELINQUENT.

Federal Government Wants to Know If California Has Contracted Race Suicide Habit.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Oct. 2.—[Exclusive Dispatch.] T. C. Wilbur, chief stationer of the Federal government at Washington, wants to know whether California has contracted the race suicide habit, or is simply negligent in the matter of recording births. Mr. Wilbur thinks that possibly the doctors in California are careless about recording new arrivals in the families and their care. And this is the first time the State Board of Health.

LONG LIFE IN ASYLUM.

First Woman Committed in State Dies After Fifty-five Years.

(BY DIRECT WIRE TO THE TIMES.)

STOCKTON, Oct. 2.—[Exclusive Dispatch.] Mrs. Hester H. Sterling, the first woman in California to be committed to an insane asylum and the oldest patient in the local State Hospital, died today after being in the institution over fifty-five years. She was committed from San Francisco, April 30, 1854, and while it is not definitely known it is believed here that she was between 95 and 100 years old.

At the time she was brought here the asylum was not much larger than a wood shed and work had been commenced on what is now the female department of the large State buildings. Since she was committed, 18,396 patients, one-third of which were women, have been sent to the Stockton Asylum.

The first man committed to this asylum also passed away this year at the age of 95. He was a Chinaman known as "Crop-eared Pete," and was brought to the Stockton institution in 1853.

Secretary Snow was instructed today to get after the medicals with a sharp stick. There is a law and a penalty against such carelessness and the board intends that it shall be enforced hereafter.

The Federal government has gone to the extreme length of notifying California that her birth reports are obviously so incomplete and defective that they would no longer be received and entered.

STILL FIGHTING.

DIPLOMAT'S SON JAILED AGAIN.

FREED ON ONE CHARGE HE IS REARRESTED.

Do Amaral, Who Was Tried by Proxy for Murder Committed in Azores, Released from Prison Only to Be Locked Up as Criminal, Illegally in Country.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Oct. 2.—Miguel Do Amaral, son of a Portuguese diplomat, who was tried and convicted of murder committed in the Azores Islands, the trial being conducted with a proxy as principal, was released from Federal prison today, and immediately re-arrested by Immigration Inspector de la Torre, on a charge of being an "alien on criminal" illegally residing in this country.

The unique case, which has puzzled the government officials for three months, was called for hearing today before United States Commissioner Headland. Had the Portuguese Consul produced extradition papers, Do Amaral would have been deported at once to suffer the consequences of his alleged crime. His would have been the first extradition under the new treaty between Portugal and the United States. But the prisoner's influential father is said to have blocked the attempt to procure the necessary document.

Do Amaral, while acting as a book-keeper in the island possessions of his government, it is alleged, killed a man when found in company with his wife. He fled to England, thence to this country, and he will resist the new effort to send him home, on the ground that he has been in America for three years.

ROWS WITH NAMESAKE.

Arizona and Nevada Mining Companies Dispute Over Ownership of Stock in Mexican Property.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Oct. 2.—An injunction was obtained today from Judge Canabaris by the Cienegueta Copper Mining Company of Nevada against an Arizona corporation of the same name, preventing the latter from selling certain stock which the first company alleges it owns. The property involved consists of 800 mining claims located several years ago in Sonora, Mex., by Mexican company, all of the stock of which, prior to December 7, 1905, was owned by the Arizona corporation.

According to the complaint, the Nevada corporation was then organized to free the Arizona company from debt and assist in developing the property. It is now charged that the Arizona corporation is attempting to defraud its Nevada namesake by repudiating the contract then made and refusing to recognize the Nevada company's alleged holding of 1000 shares of stock of the original Mexican corporation.

READY FOR SUMMING UP.

Supplemental Testimony in Spokane Rate Cases All in and Argument Will Begin Tomorrow.

(ASSOCIATED PRESS NIGHT REPORT.)

SPOKANE (Wash.) Oct. 2.—All the supplemental testimony presented by Spokane jobbers in the Spokane rate case, is in and the railroads have completed their introduction of counter-testimony in refutation of the claims of Spokane jobbers.

On Monday the argument will be begun before the entire membership of the Interstate Commerce Commission, who are due to arrive here tomorrow.

The supplemental testimony has been heard by Commissioner Prosser. This morning he stated the commission's decision would not be limited to the prayer of jobbers in Spokane, but would be more general, and that justice would be meted out unconditionally.

The defense entered new exhibits today, consisting of elaborate tables of debt and assets for the railroads, and showed that if the proposed railroad tariffs are introduced the loss of revenue to the Northern Pacific alone will be \$252,442.50.

SUFFRAGISTS CLOSE WITH STORMY POLITICAL SCENES.

(ASSOCIATED PRESS NIGHT REPORT.)

STOCKTON, Oct. 2.—For a time today the closing session of the suffrage convention was calm, like a man's political fight, with delegates in an uproar while disputing over the candidacy of their friends. The election of officers was quiet and without incident until the fifth place was to be filled. When Mrs. Hester Harland of Berkeley was nominated for corresponding secretary some of the ladies protested that she was not the woman for the place and for a time the president could not maintain order, so many were talking.

Words were spoken that were later regretted and when Mrs. Lillian Harris Coffin pleaded for a time the president could not maintain order, so many were talking.

Words were spoken that were later regretted and when Mrs. Lillian Harris Coffin pleaded for a time the president could not maintain order, so many were talking.

The officers elected are: President—Elizabeth Love Watson of Santa Clara county.

First vice-president—Mrs. Lillian Harris Coffin, San Francisco.

Second vice-president—Mrs. Mary McHenry Keith of Berkeley.

Third vice-president—Dr. Minerva Goodman of Stockton.

Recording secretary—Mrs. L. W. Taylor of San Jose.

Treasurer—Mrs. Mary T. Gammage of San Francisco.

First auditor—Mrs. Helen Moore of San Francisco.

Second auditor—Mrs. Alice L. Park of San Francisco.

Honorary presidents—Mrs. Mary Simpson Sperry of San Francisco and Mrs. John Swift of San Francisco.

The feature of the afternoon session was occasioned by the introduction of a resolution which had for its purpose the endorsement of the Woman's League of Justice, of San Francisco. Opposition to it was bitter. Mrs. Lillian Harris Coffin objected to its adoption on the ground that it savored of politics and action on it was deferred until within the province of the association.

Mrs. John Snooks, president of the League of Justice of Berkeley favored its adoption. Both leaders gained followers and much bitterness was injected into the discussion.

The opposition succeeded in having the resolution laid on the table. A President Mrs. Mary Simpson Sperry announced the order. Mrs. Snooks tore her badge from her bosom, handed it to a friend and left the hall in disgust.

Eisner Tailoring

The Choice of the Well Dressed Man

The EISNER system of tailoring insures clothes perfection—clothes satisfaction. If you once wear an EISNER suit you will marvel at its grace of line, its comfort, its all-around excellence.

EISNER suits are different suits—built on lines of striking individuality, yet possessing that quiet elegance and dignity that the well dressed man must have.

If you are interested in good clothes we want you to come in and see the Fall and Winter line of imported fabrics. You can choose from the products of the world's greatest mills—Scotch chevots, Irish and Bannockburn Tweeds, West of England serges and novelty suitings. And these fabrics are exclusive in pattern; you will find them in no other store in the West.

EISNER garments cost no more than ordinary tailoring. We will make you a perfect suit or overcoat from \$25 to \$50. We want you to prove us yourself—come and be measured tomorrow.

407-409-411 South Spring St. Angelus Hotel Building.

WRIGHT'S FLIGHT.

(Continued from First Page.)

the starting point to the greatest altitude.

"Immediately after rising, I set the rudder at the maximum and kept climbing steadily for fifteen minutes, until the field and adjacent country reminded me of the picture I had from Zeppelin's airship, only the grounds seemed smaller.

"The descent I made in five minutes. I came down at a speed simply terrific. The whole matter seemed to rush through the air, but my sensations were just the same as in lower altitudes. The air was no colder and the wind resistance was no greater."

Wright said he never looked up a passenger who looked so pleased. He just smiled when we started and he kept smiling all along. I felt a great responsibility in having the future German Emperor as a passenger. Most of all I mistrusted the machine, but any little irregularity might cause the people anxiety. I stayed low at first, but the Prince kept urging me to go higher."

GOOD WORD FOR WORKERS.

Heir to Millions in Railway Shops Finds Fellow-Artisans Are Princes.

(ASSOCIATED PRESS DAY REPORT.)

NEW YORK, Oct. 2.—James Watson Webb, heir to the fortune of Seward Webb and grandson of the late William H. Vanderbilt, who is looked upon as the probable heir to many millions of dollars, is spending his vacation here after a year of hard labor in the shops of the Chicago and Northwestern railway at Milwaukee.

"The men in the shops with whom I have been working," said young Webb, "are princes. They did not know who I was and they took me right in for my own sake and were calling me by my first name in a week. Just as men to men they have no su-

PERFECTS ON EARTH. Their word is their bond.

"The standard of morality among workmen is just as high as in other classes. The life of the workman is sane, the kind every man ought to lead. The laboring man is not lacking in brains, only in an opportunity to develop."

LIQUOR CONTRABAND.

MUSKOGEE (Okla.) Oct. 2.—At a conference between C. L. Jackson, general attorney for the Missouri, Kansas and Texas Railroad, and County Attorney Crump today, it was agreed that this road would no longer protect interstate liquor shipments from seizure by Oklahoma laws. The local officials state they will now search cars and open and confiscate all liquors consigned to Muskogee.

Puritas Distilled Water

A Safeguard of Health

Cupious drinking of Puritas Distilled Water is one of the simplest and most effective health precautions a person can take. Distilled water is a natural solvent, while the minerals in natural water clog the system and induce rheumatism and kidney trouble. Distilled Water keeps the body sweet and clean.

Puritas—twice distilled—separated with pure ozone—is the only reliable pure water obtainable hereabout. Have a demonstration of Puritas always in the house. See that every member of the family drinks plenty of this pure, soft, sparkling water. The use of Puritas will save you many a sick-room bill.

Five gallons cost only 40 cents. Just telephones us. Home 10053; Sunset, Main 2191— and we will supply you promptly. Los Angeles Ice and Cold Storage Co.

LIGHT UPON ELECTRICITY.

Mayor Sheds a Few Beams on Subject of Rates.

Gets Desperate When Pelted With Questions.

Dead Woman Is Sarcastic in Peculiar Will.

Office of The Times, No. 28 S. Raymond Ave.
PASADENA, Oct. 2.—Ever since the introduction of the ordinance forbidding the companies supplying electricity in this city to give rates and compelling them to serve electricity for lighting purposes only through meters, the Mayor and City Council have been assailed with questions. In desperation, Mayor Earley prepared a statement today for publication setting forth his stand in the matter and answering the many criticisms in the proposed legislation, only a scheme to raise the price of lighting.

District Manager Mulligan of the Southern California Edison Company yesterday discovered a "bug" in the ordinance as introduced and read before the City Council, claiming that the ordinance as introduced would raise the minimum rate of \$1 was enforced. This section of the ordinance reads:

"Provided, however, that a minimum monthly charge may be collected for electric lighting, which charge shall be \$1 per meter of three kilowatt capacity or less, and 50 cents per kilowatt for each additional kilowatt of meter capacity required."

"This can mean nothing," said Mr. Mulligan, "except that if a minimum charge is established, it shall be for \$1, no more, no less. The words, 'or less,' cannot refer to the arrangement of the sentence in a manner of nature, having passed a bill to that effect, and Mr. Gillett thoughtlessly putting his signature to the ordinance."

The result of Mr. Mulligan's discovery will be that the ordinance being changed to make it read plainly:

"That any company which supplies electricity in this city shall be required to furnish electricity at a minimum rate of \$1, but to allow the minimum charge to be anywhere between \$1 and nothing."

Following is the statement given out by Mayor Earley yesterday:

"Regarding the electric-light-rate ordinance. We have had this matter under consideration for several months, and I have asked the City Attorney, to take his time in preparing an ordinance that would be legal and take care of the Edison company. I said that I did not want an ordinance passed that would not give the Edison company an equal right with the city."

"A great many have asked, 'Are you going to compel the Edison company to advance its rates?' I want to assure the people that such is not our intention. All we want of the Edison company is fair and uniform treatment of all the consumers of electricity. The stockholders of the Edison company have been permitted to raise their rates, and as far as I am concerned, I will do my best to see that the ordinance, when passed, is strictly complied with by the city, as well as by the Edison company, so that both will be on an equal basis."

In fixing the rate by ordinance, the city is not to be paid more than 21 cents per kilowatt, and \$1 for the minimum charge, that does not mean that the Edison company can charge electricity at a lower rate. It can sell at 1 cent per kilowatt, or 50 cents for the minimum per month if it desires. The only thing we ask of it is to do its business honestly and justly, treating all the people of Pasadena the same, and not give to one person who is using our municipal light a rate lower than it does to its own employees."

"What would you think of a grocer if you went in to buy a dollar's worth of sugar and he should sell you five pounds for \$1 and another man should go into the same store and he should sell him eight pounds for \$1, then another man receive fifteen pounds for \$1? How long would you trade at that kind of a store? That is the way the Edison company has been conducting business on the flat with basic. Some are receiving a great deal more than others."

"Now, what the Council and myself are desirous of is to have a just and equitable rate to all citizens without any partiality to any man. That does not mean that the man using a large amount of electricity cannot buy it cheaper than the man using a very small or limited amount, because it costs more to furnish the small consumer than it does the larger consumer, but one should not be entitled to a just rate according to the amount consumed."

"The people of Pasadena voted last February to complete their plant by a vote of over 7 to 1. Now, it is up to the good people of Pasadena to make their plant a success, and if the Council and myself are placed at the head of the city to manage its business, we are satisfied, from the best information that we can obtain, that if the plant is controlled as it should be, we can reduce them all more and pay the interest on the bonds, and also pay the bonds off without taxing our people one dollar for that purpose, and all we ask is to be placed on an even footing with our competitors."

"There is one thing I want the taxpayers to remember, and that is that this is your plant and you will have to pay for it. If you patronize your own plant you can pay for it out of the profits of the business; if you do not, you will have to pay for it in taxes, so it is up to you to decide whether you want to make it a success or a failure."

DEAD WOMAN'S SARCASTIC.
D. W. Herlihy, prominent merchant, former president of the Board of Trade, is the victim of a dead woman's sarcasm. Mrs. Laura B. Bates, who killed herself by taking an overdose of morphine, left a will in which she bequeathed her husband a brown horse. There was much sarcasm in that bequest. Herlihy's husband was killed by a horse in Herlihy's stable three years ago and died from his injuries. Just before she committed suicide, Bates placed a picture of her husband at the head of the couch upon which her dead body was subsequently found. Bates was manager of Herlihy's grocery store here and met with his fatal accident while in the stables.

FROM YELLOW TO BLACK JANITOR.

PUBLIC LIBRARIAN IS BOUND TO PLEASE CITY OFFICIALS.

Band Concerts May Be Given on the Strand—Postal Receipts Break Previous Records—Aeronaught Reported Killed, Is Much Alive. Champion Grower of Long Beach.

LONG BEACH, Oct. 2.—Troubles at the public library over the employment of a Japanese janitor, do not seem to be ended. Miss Ellis, city librarian, was instructed to employ an American citizen, and, if possible, a taxpayer. She did.

Richard Randolph, a negro, aged 20 years, has been given the job. The city officials are now wondering what complaint they can make at the change.

Eugene Savage, aeronaut, today returned to Long Beach from Pomona, to be greeted with exclamations of surprise by his friends. He was reported to have fallen from a balloon yesterday afternoon and every bone in his body crushed.

Savage, however, appeared to be a lively corpse. He made two ascensions, the first without accident, other than to fall in a coral, where there was a fractious horse. The second was nearly frightened to death at the beach.

Virelita Inman, 10 months old, took first prize at the Pomona baby show Thursday. She is the daughter of Mr. and Mrs. Guy A. Inman of No. 1132 Pacific avenue.

BAND CONCERTS.
Municipal band concerts will, in the future, be given on the Strand, on property of the Seaside Investment Company, every afternoon and Sunday evenings, for the benefit of the public. The Seaside Investment Company has written an opinion that it was legal for the City Band to play on the property, in cases where the public was allowed to attend without charge.

As the result of the decision, City Auditor H. C. Weaver, who has been holding up on the grounds that the payment of the Seaside Investment Company for the use of the property was not legal, has written an opinion that it was legal for the City Band to play on the property, in cases where the public was allowed to attend without charge.

The Seaside Investment Company pays \$25 for each concert given in the future, in front of the bath-house, and the beach, and every other day. The beach schedule was approved by the Council. The concerts cost the city \$40 each.

POSTAL RECEIPTS.
Postal receipts for the last month show a decided increase over the corresponding period last year. For last September, the total receipts were \$370,235, while for the same month of last year, the total was \$340,532. For the last quarter receipts were \$1,130,093, while for the same quarter of last year, the total was \$1,037,231.

J. R. Buchanan, who resides at the corner of Eighth street and Washington, claims the honor of raising the longest bean in the State, not including Luther Burbank. Today he took to the Chamber of Commerce a bean which he had raised, measuring from twenty-six to thirty inches in length.

During the past month only fifty-four arrests were made, or less than seven men in front of the police. The Pacific Electric Railway, which is considering the making of a change in the route of the Wilmington line, which will connect with the "C" car, inside the city. First plans were to connect at Fourteenth street, but the change is for the line to run to a branch line to Fourteenth.

We prepare shipping charges to Long Beach on Fancy Groceries, Liquors and Cigars, on orders amounting to \$5 or more. Anderson & Chanalar Co., Grocers and Wine and Liquor, 8 S. Spring St., Phone Home 10831, Broadway 1127.

NAMES CARRIERS.
Three Men Chosen for Delivery of Mail From the Santa Monica Post Office.

SANTA MONICA, Oct. 2.—Postmaster Sumner Smith this afternoon announced the civil service appointments of carriers under the free mail delivery system to be inaugurated for Santa Monica as far south as Strand street.

The first delivery is to be made on the 15th inst. On the same day mail will, for the first time, be collected from the fifteen boxes that are being placed at convenient points within the zone of free delivery. The carriers are: Keith M. Snyder of Glendora, route 1; Montrose P. Nevers, Santa Monica, route 2; George B. Mitchell, Santa Monica, route 3. The first carrier comes off at Glendora, route 1, and is experienced in postal matters.

TALKS SALARY REDUCTION.
The City Council's Finance Committee has evolved a new salary reduction plan for the city employees. The plan provides for a reduction of 10 percent in the salaries of all city employees, except the police and fire departments. The plan also provides for a reduction of 5 percent in the salaries of the city clerk, city auditor, and city engineer. The plan is to be adopted at the next meeting of the Finance Committee.

Sick Headache And Indigestion

The Former Is Very Frequently Caused By The Other.

The pneumo-gastric nerve connects the stomach region directly with the brain, and when the stomach is out of order the head is almost certain to be affected through reflex or sympathetic nervous irritation.

The headache of dyspepsia and indigestion is of every variety from the dull and least defined to the most acute pain. Sometimes the whole mass of the brain seems to be in anguish; at others the ache is confined to the back or front part of the head. The first form is usually of a confused character, and is often accompanied by dimness of vision, and a mild vertigo, or a callous "rush of blood to the head."

The victims of this symptom complain of a "swimming" or "lightness" in the head, and dizziness, or a sensation of motion while the body is still, and specks, or flashes of light before the eyes.

Persons subject to indigestion and other forms of stomach trouble are very frequent sufferers from headache, and the numerous cases of sick headache are the only noticeable symptom of indigestion present; in others, there are stomach manifestations as well.

The majority of people regard this headache as a separate disease, instead of a symptom of stomach-disease, which it usually is; and they attempt to treat it separately, and make the mistake of endeavoring to obtain relief through the use of headache powders, tablets, pills and sellers, the use of which is extremely dangerous, as many of them contain such powerful depressant drugs as acetaminophen, phenacetin, antipyrine, caffeine, which depress the heart, brain and nerve centers, and lower arterial pressure; and many a person with a weak heart has become dangerously ill shortly after taking one of these headache remedies.

They also interfere with the digestive processes, and actually make the dyspepsia worse than before.

In order to get rid of the headache of indigestion—and most headaches are caused by indigestion—they should endeavor to reach and remove the cause, and the headache effect will soon be relieved.

STUART'S DYSPEPSIA TABLETS.
And this is the only remedy that cures the cause of the headache, which permanently removes the symptoms. They digest every atom of food in the stomach, cure all forms of stomach trouble, and the headache and every other indigestible symptom and untoward effect is quickly gotten rid of.

Don't make the mistake of trying to cure your dyspeptic or nervous headache through the use of headache powders, tablets, etc. Use common sense, good judgment, and one or two of Stuart's Dyspepsia Tablets, and you will be agreeably surprised at the rapidity with which the headache will be relieved and cured simultaneously with the relief and cure of the stomach disturbance.

Purchase a package from your druggist today for 50 cents, and send the wrapper to the manufacturer, and you will forward you a trial package free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

COMPLAIN ABOUT SCHOOL.
The residents of the Twin Heights district of the city have appealed to the Board of Education to reestablish the seventh grade at their schoolhouse and give them three teachers, the same as they had last year.

They opened this year with only two teachers and no grades taught above the sixth. The schoolhouse is a long distance from the school building.

MARRY AT MIDNIGHT.
Midnight was the unusual time selected by Walter H. Miller and Edith Ocker for the plighting of their troth. The ceremony was performed in the presence of a family party assembled in the parlors of the home of Mrs. Miller, 19th street. The wedding march was played by Miss Ada Andrews. While they stood beneath a bower of green and white, Rev. Thomas Fisher conducted the ceremony.

VENICE.
The residents of the Venice district of the city have appealed to the Board of Education to reestablish the seventh grade at their schoolhouse and give them three teachers, the same as they had last year.

They opened this year with only two teachers and no grades taught above the sixth. The schoolhouse is a long distance from the school building.

WATTS.
WATTS, Oct. 2.—The supper and entertainment given by the Watts Chamber of Commerce last night was attended by about 450 people.

The Sick Confused

Drs. Shores & Shores Great Offer to Treat All Diseases for \$3 a Month.

While we have tried to be very plain, it has come to our ears that some have construed our offer of \$3 a month for ALL DISEASES, medicines included, to mean \$3 for each disease. THAT REASON Drs. Shores & Shores have decided to extend the offer until further notice. THEREFORE, LET IT BE DISTINCTLY UNDERSTOOD that any sufferer from Catarrh, Deafness, Asthma, or Lung Trouble, or any complication of Chronic Diseases who applies to Drs. Shores & Shores any day this week WILL BE TREATED UNTIL CURED FOR \$3 a month—all medicines FREE. If you have a dozen ailments, \$3 pays the bill for one month; there will absolutely be NO OTHER CHARGE OR EXPENSE to all who apply this week.

COME TODAY
COME MONDAY—come any day this week, and take advantage of the greatest offer ever made by reliable specialists.

Let Drs. Shores & Shores tell you what your ailment really is. A consultation and examination will cost you nothing, and if you give us the chance to treat you we will cure you to stay, cure your disease is curable. Don't be skeptical, but come.

DON'T GIVE UP HOPE
If you have been previously treated without receiving any benefit, the chances are that your ailment was not correctly diagnosed. We are not quacks, but our seventeen years' practice as specialists enables us to speak with authority and treat you intelligently—and may be able to cure you in one month.

WE CURE
Catarrh, Deafness and Ear Noises
Why not try the treatment that cures? We have cured thousands of cases of Catarrh, Deafness and Ear Noises. We are not quacks, but our seventeen years' practice as specialists enables us to speak with authority and treat you intelligently—and may be able to cure you in one month.

Indisputable Testimony
We have hundreds of signed testimonials on file from patients who have cured, but only those are printed where the patient has given us permission—yet we have no hesitancy in saying that any of the hundreds will gladly tell you the wonderful cures we have effected for them. We have honestly earned an excellent reputation, and Drs. Shores & Shores are known all over Southern California as true friends of the sick.

\$3 We Also Cure by Mail
If You Live Out of Town Write
Drs. Shores & Shores for their new symptom blank. They are FREE.

A BETTER PIANO FOR LESS
New piano sold \$125 less than market price. If you want a new piano, write to us. We will give you a new piano for \$125 less than market price. We will also give you a new piano for \$125 less than market price. We will also give you a new piano for \$125 less than market price.

Nothing Too Good
for you. That's why we want you to take CASCARETS for liver and bowels. It's not advertising talk, but the great wonderful, lasting merit of CASCARETS that we want you to know by trial. Then you'll have faith—and join the millions who keep well by CASCARETS alone.

Automobile Wanted
To occupy a well-equipped modern garage with room for chauffeur adjoining. In West Adams district. Board for chauffeur if desired. Phone West 325, or address P.O. BOX 372.

Duffy's Pure Malt Whiskey
What Is It?
It is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a pre-digested liquid food in the form of a medicinal whiskey; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

It is a gentle, invigorating stimulant and tonic.

What Does It Do?
It builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces, it makes digestion perfect, and enables you to get from the food you eat all the nourishment it contains.

It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system, is a promoter of good health and longevity, makes the old young, and keeps the young strong.

It cures nervousness, typhoid, malaria, every form of stomach trouble, diseases of the throat and lungs, and is recognized as a medicine by doctors of all schools.

It has been used by men and women in all walks of life for fifty years.

At all druggists, grocers, dealers, or direct. \$1 a bottle. Write Consulting Physician.

As the result of the decision, City Auditor H. C. Weaver, who has been holding up on the grounds that the payment of the Seaside Investment Company for the use of the property was not legal, has written an opinion that it was legal for the City Band to play on the property, in cases where the public was allowed to attend without charge.

The Seaside Investment Company pays \$25 for each concert given in the future, in front of the bath-house, and the beach, and every other day. The beach schedule was approved by the Council. The concerts cost the city \$40 each.

POSTAL RECEIPTS.
Postal receipts for the last month show a decided increase over the corresponding period last year. For last September, the total receipts were \$370,235, while for the same month of last year, the total was \$340,532. For the last quarter receipts were \$1,130,093, while for the same quarter of last year, the total was \$1,037,231.

J. R. Buchanan, who resides at the corner of Eighth street and Washington, claims the honor of raising the longest bean in the State, not including Luther Burbank. Today he took to the Chamber of Commerce a bean which he had raised, measuring from twenty-six to thirty inches in length.

During the past month only fifty-four arrests were made, or less than seven men in front of the police. The Pacific Electric Railway, which is considering the making of a change in the route of the Wilmington line, which will connect with the "C" car, inside the city. First plans were to connect at Fourteenth street, but the change is for the line to run to a branch line to Fourteenth.

We prepare shipping charges to Long Beach on Fancy Groceries, Liquors and Cigars, on orders amounting to \$5 or more. Anderson & Chanalar Co., Grocers and Wine and Liquor, 8 S. Spring St., Phone Home 10831, Broadway 1127.

NAMES CARRIERS.
Three Men Chosen for Delivery of Mail From the Santa Monica Post Office.

SANTA MONICA, Oct. 2.—Postmaster Sumner Smith this afternoon announced the civil service appointments of carriers under the free mail delivery system to be inaugurated for Santa Monica as far south as Strand street.

The first delivery is to be made on the 15th inst. On the same day mail will, for the first time, be collected from the fifteen boxes that are being placed at convenient points within the zone of free delivery. The carriers are: Keith M. Snyder of Glendora, route 1; Montrose P. Nevers, Santa Monica, route 2; George B. Mitchell, Santa Monica, route 3. The first carrier comes off at Glendora, route 1, and is experienced in postal matters.

TALKS SALARY REDUCTION.
The City Council's Finance Committee has evolved a new salary reduction plan for the city employees. The plan provides for a reduction of 10 percent in the salaries of all city employees, except the police and fire departments. The plan also provides for a reduction of 5 percent in the salaries of the city clerk, city auditor, and city engineer. The plan is to be adopted at the next meeting of the Finance Committee.

FROM YELLOW TO BLACK JANITOR.

PUBLIC LIBRARIAN IS BOUND TO PLEASE CITY OFFICIALS.

Band Concerts May Be Given on the Strand—Postal Receipts Break Previous Records—Aeronaught Reported Killed, Is Much Alive. Champion Grower of Long Beach.

LONG BEACH, Oct. 2.—Troubles at the public library over the employment of a Japanese janitor, do not seem to be ended. Miss Ellis, city librarian, was instructed to employ an American citizen, and, if possible, a taxpayer. She did.

Richard Randolph, a negro, aged 20 years, has been given the job. The city officials are now wondering what complaint they can make at the change.

Eugene Savage, aeronaut, today returned to Long Beach from Pomona, to be greeted with exclamations of surprise by his friends. He was reported to have fallen from a balloon yesterday afternoon and every bone in his body crushed.

Savage, however, appeared to be a lively corpse. He made two ascensions, the first without accident, other than to fall in a coral, where there was a fractious horse. The second was nearly frightened to death at the beach.

Virelita Inman, 10 months old, took first prize at the Pomona baby show Thursday. She is the daughter of Mr. and Mrs. Guy A. Inman of No. 1132 Pacific avenue.

BAND CONCERTS.
Municipal band concerts will, in the future, be given on the Strand, on property of the Seaside Investment Company, every afternoon and Sunday evenings, for the benefit of the public. The Seaside Investment Company has written an opinion that it was legal for the City Band to play on the property, in cases where the public was allowed to attend without charge.

As the result of the decision, City Auditor H. C. Weaver, who has been holding up on the grounds that the payment of the Seaside Investment Company for the use of the property was not legal, has written an opinion that it was legal for the City Band to play on the property, in cases where the public was allowed to attend without charge.

Let Me Send You A Treatment of My Catarrh Cure Free

C. E. GAUSS.

I Will Tell Any Case of Catarrh, No Matter How Chronic, or What Stage It Is In, and Prove, WITHOUT ANY AT MY OWN EXPENSE, That It Can Be Cured.

Curing catarrh has been my business for years, and during this time over one million people have come to me from all over the land for treatment and advice. My method is original. I cure the disease by first curing the cause. Thus my combined treatment cures where all else fails. I can demonstrate to you in just a few days' time that my method is quick, sure and complete because it rids the system of the poisonous germs that cause catarrh. Send your name and address at once to C. E. Gauss, and he will send you the treatment referred to. Fill out the coupon below.

FREE.

This coupon is good for a package of GAUSS COMBINED CATARRH CURE, sent free by mail. Simply fill in name and address on dotted lines below, and mail to C. E. GAUSS, 5111 Main St., Marshall, Mich.

PETALED LOVELINESS.

SHOWS COUNTY GARDEN SPOT.

PARADE OF POSES WONDERFUL IN SANTA ANA.

Striking Demonstration of Productiveness in Great Meadows of Many Blooms in Thousands of Vases—North Pole Plant One of the Features.

SANTA ANA, Oct. 2.—Far surpassing anything of the kind ever before held in the county was today's Parade of Flowers, on this the third and last day of the Orange County Carnival of Products.

As Thursday's parade was designed to show the county's production in fields and gardens, today's was designed to show the county in all its beauty as a garden spot at Santa Ana.

The judges of the parade were Walter Raymond of Pasadena, A. W. Kinney and Dr. H. C. Hill of Los Angeles.

A feature of the parade was an automobile float by H. C. Hill, which carried a field of snow. A peak at the rear was the North Pole. Two tiny boys dressed in furs were Peary and Cook.

The prize-winning automobile was a dream of pink. Pink geraniums and carnations covered the entire machine.

The Santa Ana Chamber of Commerce took the first prize for organization floats with a tallboy covered with white geraniums dotted with pink chrysanthemum bouquets.

The prize-winning ladies upon it were big hats of orange color. Garden Grove pictured an old Roman garden and an old Roman grove.

The W.C.T.U. float was a windmill-water, you know. The float was of green asparagus plumosus fern and white geraniums and chrysanthemums and carnations.

Price winners were: Saddle horses—Lee Fuller, first, \$20; Saddle horses—Lee Fuller, first, \$20;

ALFALFA AND DAIRYING SCENES AT CORCORAN.

Great Activity in Alfalfa and Dairying Industry at Corcoran

Ranchers Receive Generous Incomes from Alfalfa, Hay, Alfalfa Seed and Butter Fat. Phenomenal Building Development in Rich Young Agricultural District.

BY C. R. STUART.

Everything along commercial and agricultural lines moves briskly in the Corcoran district every day in the year—but the development in the alfalfa and dairying industry in the past year has been little short of phenomenal. A personal investigation of the profits accruing from alfalfa and dairying in the Corcoran district would surprise many Los Angeles business men, not to mention the thousands of other people who are struggling along on salaries.

Choice creamery butter is one of the strongest staples on the food market today. It retails today in this city at 46¢ per pound, and owing to the extraordinary demand, the tendency is to go even higher. There is no danger of the dairying business ever being cornered. This is because of the peculiar character of the industry.

The comparatively small dairy ranch is generally the most successful. The writer thoroughly investigated the dairying situation in the fertile Corcoran district recently, and was amazed at the size of the checks that these wide-awake ranchers are receiving from the local creamery in return for their butter fat. Many checks paid individual ranchers range all the way from \$500 to \$1500 per month. Just figure out the profit when you consider that they produce their own alfalfa, their water is absolutely free, and their own private gas wells furnish free power to operate their cream separators and also heat, light and fuel for their houses. This is a condition that ought to make investors and prospective ranchers stand up and take notice.

Mr. George A. Smith operates at Corcoran one of the largest and most profitable private dairies in the State. In a talk with the writer, Mr. Smith said: "Corcoran has room for hundreds of dairy ranches—large and small. Land is cheap, soil is rich, and there is water in abundance. Alfalfa grows to perfection. Alfalfa, cows and hogs are a splendid combination for quick money making. Profit begins as soon as the business is started. Choice land suitable for alfalfa and dairying may be obtained at Corcoran for \$10 per acre. And the buyer has five years' time in which to complete payments. Nowhere in the State is land possessing so many money-making and money-producing advantages being offered at these figures. The progressive town of Corcoran, which is the hub of the entire district, affords exceptional business and social advantages. It is today the nucleus of what will eventually be one of the most important commercial points between San Francisco and Los Angeles. The strength of its geographical position is apparent at a glance. A visit to the Corcoran district is of an educational nature. Everything is done on a broad, successful scale. Failures are an unknown quantity here. The small ranchers thrive just as easily as do the larger ones. The wealthy company behind Corcoran does everything in its power to assist settlers.

Newport & Milner, general agents for the Security Land and Loan Company, the original owners and developers of Corcoran, with offices at 306-308 Central Building, Sixth and Main streets, are in charge of weekly Pullman excursions to Corcoran, leaving Tuesday evenings on a through Pullman, arriving in Corcoran the next morning. The company has published several profusely illustrated booklets giving detailed information about the Corcoran district and its various industries. Copies of these booklets may be had upon application at the company's offices.

Bundy Hot Springs Hotel are J. E. Moore, Mr. and Mrs. J. W. Swanwick, D. F. Robertson, Los Angeles; Mr. and Mrs. F. H. Olesky, Mrs. Anna Grant, Pomona; S. M. Wilson, Mrs. Utter Harrison, Mabel G. Utter, Long Beach; F. M. Robertson and wife, Fayette, Ark.; Judge James C. Reeves, R. L. Scott, Downey; J. C. Thomas, Santa Ana; C. L. Thomas, Hollywood.
